Solomon Nii Addo Quaynor

MEng/BEng Mechatronics & Robotics Graduate
London, England, United Kingdom

Summary

I am an aspiring robotics engineer. I have completed my Masters and Bachelors of Engineering for my mechatronics and robotics and setting myself up for a career in Software Development. I'm currently looking for experience in industry to improve on my coding and design abilities.

Experience with:

Attributes and Attitude:

- Overall I conduct myself in a polite and conscious manner when communicating in a professional setting.
- I use lateral thinking in a precise manner when approaching problems both relevant to work and life.
- I believe that the key to better and more sustainable advancements will and should be achieved by metering innovative thought with well grounded and organized planning.

Experience

OrangeTech

AI Engineer

January 2026 - Present (3 months)

Tesano

- Collaborate with cross-functional teams to develop innovative AI solutions using Frontier Models.
- Fine-tune models to enhance performance and deliver in-depth solutions tailored to client needs.
- Engage in continuous learning and application of cutting-edge AI technologies to stay ahead in the industry.

Mitsubishi Electric

Intern

September 2023 - April 2024 (8 months)

Osaka, Japan

During my time at Mitsubishi, I have had the wonderful opportunity of working at the Advanced R&D Center in Osaka. Working under the EDM Research Department as an Intern allowed me practical application of my data analysis skills, as well as lab technical and safety experience. The consistent and fluid working environment of Mitsubishi has been the ideal stage for refining my skills as an engineer, as well as introducing me to the methodical approach required for industry level research. As my time with the EDM department concludes I am glad for the lessons in professionalism, discipline, and determination afforded to me by my department head, supervisors, and senior members. I endeavor to take the skills and wonderful experiences with me in my future endeavours.

Stint

Student Worker

May 2022 - December 2023 (1 year 8 months)

Leeds, England, United Kingdom

LUU ShockSoc

Social Secretary

April 2022 - December 2023 (1 year 9 months)

Leeds, England, United Kingdom

Magic Carpet Studios

Internship Trainee

July 2019 - November 2019 (5 months)

Nigeria

During my time as a trainee at magic carpet studios I learned about the ins and outs of the growing media industry present in Africa. I was taught skills specifically pertaining to animation and its complexities as well as learning the importance of Stories and their power.

Education

University of Leeds

Bachelor's degree, Mechatronics, Robotics, and Automation

Engineering · (2020 - 2025)

SOS Herman Gmeiner International College

· (2017 - 2019)

Epsom College

IGCSE · (September 2014 - June 2017)
